Training Overview—PREPaRE Curriculum, 2nd Edition

School crisis response is not a choice. Being prepared to respond effectively is.

The PREPaRE School Crisis Prevention and Intervention Training Curriculum (PREPaRE), 2nd Edition is designed to help schools meet the needs of students, staff, and families following a crisis event. PREPaRE is the only comprehensive curriculum developed by school-based professionals with firsthand experience and formal training. The curriculum builds on existing personnel, resources and programs, links to ongoing school safety efforts, provides for sustainability, and can be adapted to individual school needs and size. PREPaRE fits a staff development model, is affordable, and enables schools to comply with legal requirements regarding crisis preparedness.
