LESLIE BAUNACH
State Delegate Candidate: Hawaii

Statement 1

What are your qualifications that make you a strong candidate for delegate?

Advocacy is my true passion. I have been your delegate for the past 3 years and sat on the HASP board for 5. I hope to continue to bring that passion to advocating for school psychology in the state of Hawai'i. During my time in state and national leadership, I’ve learned what it means to be leader. These experiences include advocating for school psychology at the Hawai'i state legislature, conference planning, creating networking opportunities, and helping to develop new leaders within our state, now in a virtual world. This has taken a lot of patience, persistence, ongoing communication, energy, and overcoming obstacles. I look forward to the prospect of connecting the work we’ve been doing in Hawai'i to what NASP is doing at the national level and to be able to be a liaison between the two.
