Notes: Dates are based on the official date of the initial NCSP (rather than date of application). Data do not reflect those with NCSP-Retired or NCSP-Inactive status. Data do not specify whether individuals completed a doctoral or specialist-level program - only the institution which the applicants identified as having completed their school psychology graduate preparation. Notably, data do not only represent recent graduates. An individual that completed a program 5 years ago and first applied and received the NCSP credential within the date range would be included in this list. Total Active NCSP by State information is based on current home address within the NASP database. Some individual data may not be up-to-date, or an individual may live in one state and work in another.
