

Student to School Psychologist Ratio 2019–2020

Based on the US Department of Education Common Core of Data

The data used in the calculation of ratios were provided to the US Department of Education by state departments of education. These data are provisional and we are aware that these numbers may not align with other sources of data. NASP will be monitoring these data and will update this graphic should new information become available.

The National Association of School Psychologists recommends a ratio of 500:1
