Joining a Community

Step 1: Click on “Communities” from the menu at the top of the NASP Communities homepage, then select “All Communities” from the drop-down menu.

Step 2: Select “Communities I can join” from the second drop-down menu from the left.
Step 3: You can narrow down the list of communities which you are eligible to join by type (ie. career stages, diversity topics, areas of interest, leadership only) by selecting the relevant type from the first drop-down menu on the left. The NASP Member Exchange (listed under “All Members” in the drop-down) is an open forum that you already belong to as a current NASP member.

Step 4: To join a community, click the blue “Join” button to the right of the community name.
Step 5: Select your preferred e-mail notifications setting. If you choose **real time**, you will receive an e-mail every time someone posts in the community. With **daily digest**, you will be sent one e-mail each morning with the previous day’s conversations. Click the blue “Yes join the community” button.

The community you have just joined will now show up under the “Communities to which I belong” list on the “All Communities” page with a green “Enter” button where the join button was previously located. It will also appear in the list of your communities accessible from your profile page.
