2023 Advanced Skills Institute
July 11–12, 2023

CALL FOR PRESENTATION PROPOSALS

NASP invites you to contribute to our call for presentation proposals for the NASP 2023 Advanced Skills Institute (ASI). All presentations will be delivered virtually in July 11–12, 2023, and will likely run for 90 minutes each. ASI sessions are targeted toward experienced practitioners and should emphasize specific, pragmatic skills. The theme of the 2023 ASI will focus on *skills for navigating challenging situations*, which can include (though not limited) to topics such as:

- Difficult relationships or interactions with students, families, or colleagues
- Reconciling differences in law, ethics, policy, and/or best practice
- Direct or indirect student services challenges
- Contentious special education meetings or services
- Changing problematic system-wide policies or practices

Presentation proposals will be selected based on quality of the proposal, practical application, evidence of previous presentation experience and expertise on the proposed topic, and a connection to the 2023 ASI theme. For any questions, please contact onlinelearning@naspweb.org.

I. Biographical Information
